

The SALUTE Method

A tool to stay informed, stay safe, and stay in control

S - Size: How many? A few cops or a whole squad? A handful of fash or a large group?

A - Activity: What's going on? Are cops moving in, or are the fash getting rowdy?

L - Location: Where's this happening? Is it near Queen & Spadina or Yonge & Dundas? Busy spots can escalate quickly.

U - Unit: Who's involved? Are these fash with a group, or just a couple of angry individuals? Are cops in riot gear?

T - Time: What was the exact time? Was it 1:30 PM or 11:00 PM? Noting the exact time helps with tracking escalation or reporting incidents accurately.

E - Equipment: What's being used? Are the cops bringing out riot shields?

Information is power. Use SALUTE to stay ahead, stay safe, and protect your community. Eyes up. Heads up. We keep us safe.
